

SORRENTO BI-FOLD

Operation: A reliable, all-metal lock for securing the intermediate panels of bi-fold doors. The Sorrento Bi-fold levers are used with a multipoint kit (supplied) and will only fit aluminium framed doors.

Special Features:

- **Stylish** low-profile design.
- **Interior snib** lever is employed for quick and convenient locking without the need to use a key.
- **Steel cased lock body** for increased strength.
- **15mm bolt throw** each end.
- **Australian** design and manufacture.
- Subject to patenting.

Installation features:

- **Easy installation** using a patented quick fitting system that guides the rods onto the center lock.
- **Fitting instructions** can be downloaded from www.ausloc.com

Finishes: Available in Satin Chrome, Bright Chrome, Bright Gold and in the range of powder coated finishes shown in Section 10 of this catalogue. Finishes include PSIL (powder-coated Satin Chrome look-alike) that is more suitable for coastal and high humidity environments.

- Keying:**
- AA35 5-pin re-pinable cylinders (left or right opening)
 - C4 or Gainsborough compatible keyways
 - can be keyed alike

Sorrento Bi-fold uses a Sorrento Multipoint Kit to provide remote locking (top and bottom), and door seal compression.

AA35/RH-G	Single G 5-pin cylinder (re-pinable) for right opening bi-fold doors	

Multipoint

Sorrento Multipoint Kit
(for aluminium framed doors)

Operation:

- An upper and lower remote bolt actuated by operation of the door levers to provide positive locking and door sealing.
- Actuation of the remote bolts to lock the door causes the door seals to be compressed
- 15mm bolt throw each end.

Installation Features:

- Adjustable escutcheon allows the door compression to be set, ensuring a complete draft seal.
- Adjustable metal bolt tips.
- Easy installation using a patented system that guides the rods onto the centre lock, and the tubes can be cut to length on site to fit any door size.

Adjustable Tip:

The $\varnothing 12.0\text{mm}$ bolt tip has fine adjustment ($\pm 8.0\text{mm}$) that allows precision installation, supported by a die-cast brace having an adjustable screw for side support.

Adjustable Escutcheon:

Screwdriver slot for adjustment

SR-M

Multipoint kit includes:

- 2 x 1,500mm tubes
- 2 x Adjustable tips
- 2 x Threaded tip inserts
- 1 x Top remote connector
- 2 x Adjustable escutcheons
- 2 x Supporting braces
- Fitting bag with fasteners
