EXPAND YOUR HORIZON

About Us

Excellence in design and a rigorous approach to quality have given Austral Lock a reputation for reliability in premium security hardware for both doors and windows.

Founded in 1982, Austral Lock is a wholly Australian-owned and operated manufacturer specialising in premium security hardware for both doors and windows. With manufacturing, storage and development facilities in the Melbourne region, Austral Lock is one of few manufacturers in the industry that is still proudly Australian made, providing complete control over process and quality. Our local production facility allows us to provide custom solutions and an extensive range of options to meet the needs of our customers.

Austral Lock is committed to producing the finest quality product possible and is certified under the ISO 9001 Quality Management System. Our commitment to research and development ensures higher quality, better techniques and continuous improvement. Emphasis is placed not only on the function of the product, but also ease of installation and product durability. We take pride in our wide range of patented, innovative products that provide end users with improved functionality and reliability. With Austral Lock, you can expect to be protected.

Austral Lock is a division of Gainsborough Hardware Industries which is part of GWA Group Limited. The GWA Group is Australia's leading supplier of building fixtures and fittings to households and commercial premises. An extensive range of well-known brands fall under the GWA Group umbrella including Gainsborough, API Locksmiths, Caroma, Dorf and Fowler.

Yarra Horizon

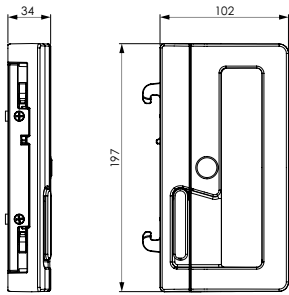

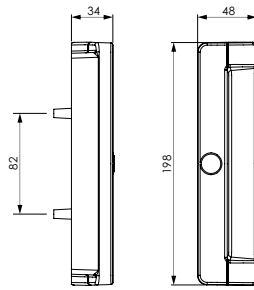

Product Features

- ✓ Contemporary, cutting edge furniture designed to compliment modern interiors.
- ✓ Non-handed
- ✓ Twin counteracting beaks engage the catch plate, providing resistance to jemmying and restraining the door against being lifted from its rails
- ✓ Self-adjusting catch plate automatically compensates for building movement and door carriage wear to ensure correct latching after continued use
- ✓ Anti-slam plunger prevents the door being shut with beaks extended, avoiding damage to beaks and catch plate. Beaks can only be extended when the doors is closed
- ✓ Furniture and lock mechanism manufactured from high purity zinc alloy
- ✓ Available in a range of powder coat finishes (refer to pg. 4)
- ✓ Easy installation for both new and retrofit applications
- ✓ Surface mounted using the industry standard three hole cutout
- ✓ Suits timber and aluminium door frames 21.3mm to 46.4mm thick
- ✓ Suits both left and right closing doors
- ✓ Designed and manufactured in Australia
- ✓ 7 year limited tarnish resistant and 10 year limited mechanical guarantee
- ✓ Detailed installation instructions can be downloaded from www.ausloc.com
